Mission Statement

The Media Arts Collaborative Charter School (MACCS) prepares students in grades 9 through 12 for post-secondary education, and provides all students with the opportunity to understand the role of Media Arts in the world and its effect on our lives. Our mission stems from the need to provide an education that recognizes the extensive influence the media has on our children and society. Our vision is for MACCS to contribute sustainability to the growth the State of New Mexico is experiencing in the film and television industries by helping new generations of New Mexico residents acquire marketable skills and play significant roles in these industries. Our goal is to give New Mexico youth the opportunity to some day work as directors, cinematographers, professional animators and journalists here in New Mexico, around the United States, and abroad.

All core subject areas are functionally integrated with media arts. Students work to create digital films, produce television and radio programs, create still photography, study journalism, design web pages, and create short animated movies, instructed and supervised by professionals in these fields. MACCS students enjoy full access to a public access television channel where they produce media presented to the public as part of their class work.

The MACCS educational method is a cross-curricular, project-based model designed to allow students to advance in an individual program of study based upon their needs and interests.

A word from our Principal...

Community Members,

You are holding a testimonial to the brilliant work being accomplished at the Media Arts Collaborative Charter School. Throughout these pages you will see the passion, excitement, dreams, and rigor which the students at MACCS experience on a daily basis.

This third year, 2010-2011, has brought many celebrations to our school. In addition to having our first graduating class of seniors, MACCS students have created and broadcast more media productions than ever before. Our students have also been in more internships and taken more Dual-Credit courses than previous years. We have exhibited and presented more media and academic assessments. And we are still growing.

As we will always continue to evolve, developing our programs to meet our students where they are and take them further than they expected, MACCS is grateful for your continued involvement and support.

Thank you.

My interests are playing piano and photography. My favorite memory was meeting my best friends Amayrany, Jaynie and Eren. I am a very bubbly girl. I love hanging out with my friends. I love to be outside and taking pictures. I can be loud but I'm normally quiet around people I don't know.

Gabriella Gomez

I love space, philosophy, music and the earth. I love nature and give respect to everyone that deserves it. I hate big corporations and I love sandwiches.

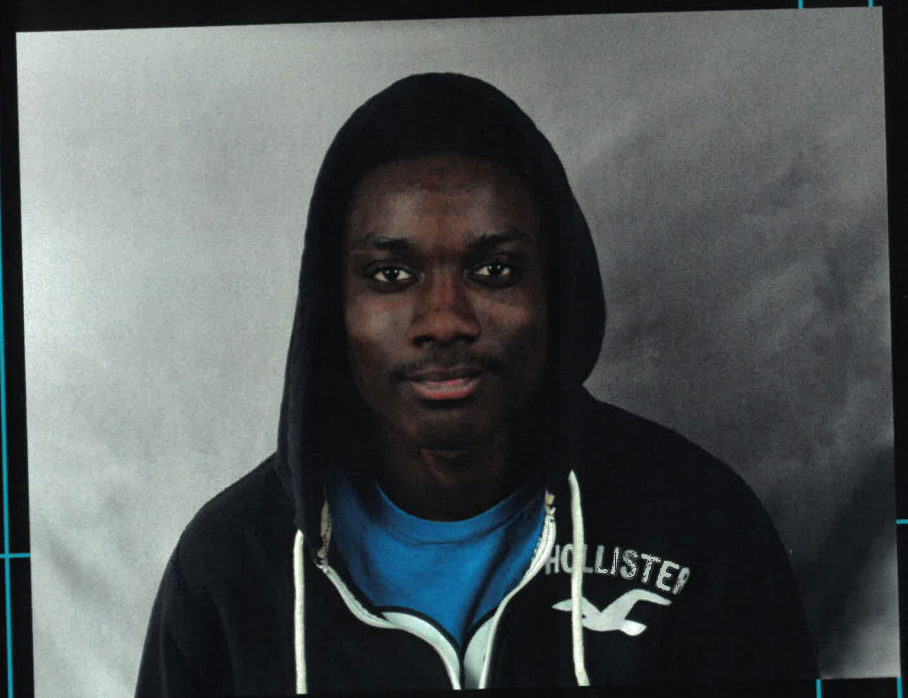

Alex Gillikin

The best part of MACCS is the community and the group of friends that I've found. I am constantly changing my hair. I'm kind to everyone and I love going on adventures with my friends.

Sabastian Jackson

Heyyo! Its the one and only CBASS (also known as Sabastian):P I love longboarding, acting, editing, filming, having a good time, and my best friends Teddie, LJ, Floyd, and Ryan. I believe that the best part of MACCS is the community. Nowhere else are there such amazing teachers and students.

Alec Lopez

I like longboarding, Yo-Yoing and general nerd activities. I wear a Star Wars backpack, a chicken mask and a glow-in-the-dark Tron hoodie... What does that tell you?

Alex Lyons

I am interested in several things but for now I have to say my main interests are writing and photography. I think the community is the best part of MACCS.

Nicholas Lucero

Asher Maldonado

I always have funny moments with my friends.
I am a horse fanatic and I like chillin' at Roxy's. I am the best part of MACCS.

Patrick Martin

The best part of MACCS is the Fellowship. And I like trolling.

Amanda Miller

I am interested in zombies, video games, sleeping, make-up and making fun of Raena's hippie mom. A funny moment was when we called them 'they'.

Jaynie McConnell

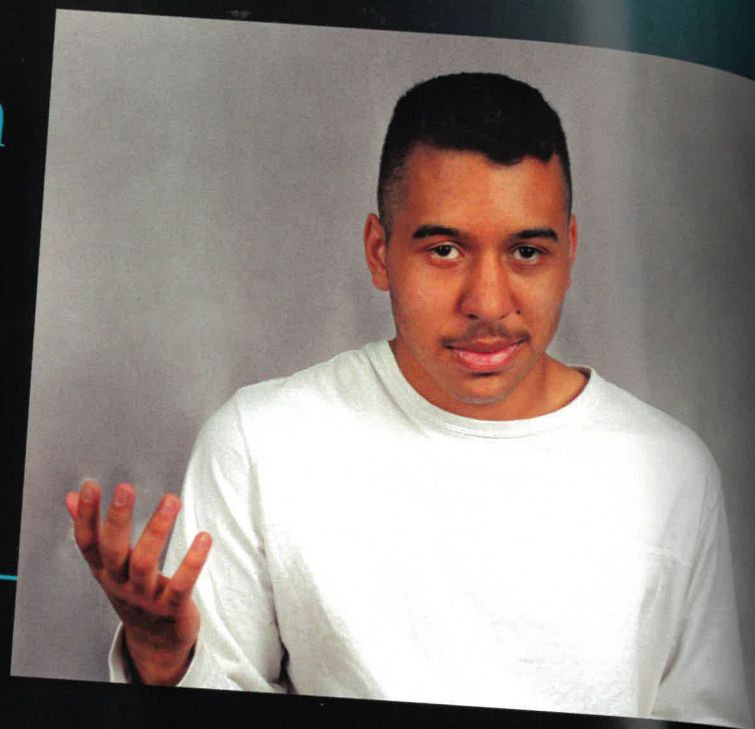

I like riding motorcycles, boxing and dancing. I love animals and I'd rather be around them than dramatic girls, with the exception of C-bass and Patrick. The best part of MACCS is the diversity and being able to try new things.

David Mora

I like to hang out with friends. I'm interested in anything artistic and anything musical. My favorite memory of this year is the "Patrick Martin for Prom Princess" campaign.

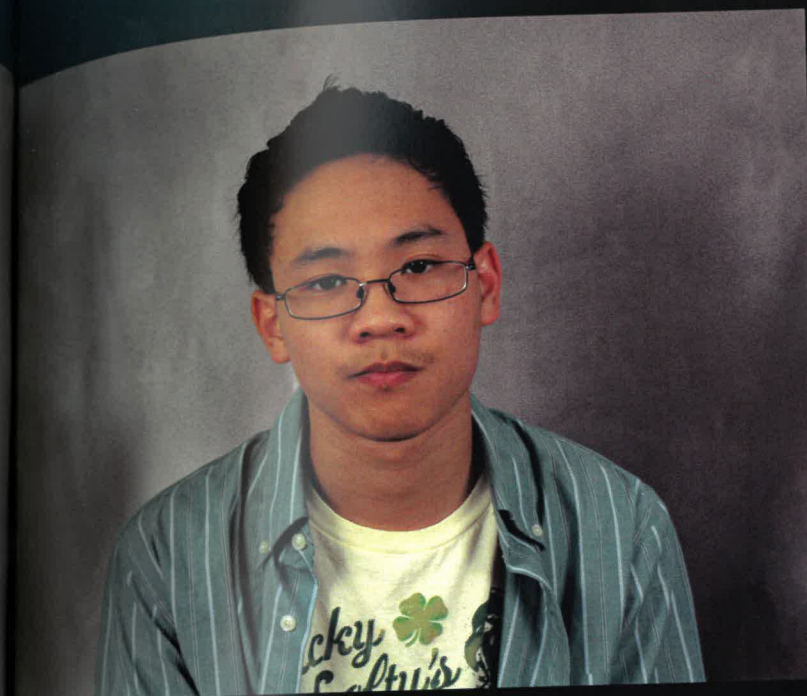

Floyd Moya

Teo Nguyen

Whoever set the bar for yelling out, "Teo!" whenever I walk into a room... How am I supposed to reply to that?

Amayrany Murillo

Jasah Overholser

I am interested in tattoos, piercings, snowboarding, graffiti, and having fun. I'd say I'm outgoing, fun, and pretty unique. "Love the life you live, live the life you love."

Eren Padilla

Photography class is the best part of MACCS. I love my mini business that I have named Ereness. I'm outgoing and very loving. A funny moment was when me and my sister were fighting over how much money I had in my hand.

Rachel Rider

I'm interested in reading and Teddie Chambers. I am weird, retarded, not funny and I love Teddie Chambers. The best moment was meeting Teddie Chambers.

Katie Quesnell

I like writing, laughing, and frozen yogurt. My funniest moment at MACCS was when Lauren Marvin and I played an amazing April Fools joke on Shannon Johnston Beyer.

Alena Schlachter

I am a vegetarian with a lot of energy. Music is my soul- a constant among the variables. I have 14 piercings. My favorite part of MACCS is the closeness we all have with each other, and the people who have every piece of my heart- my adventurous buddies.

Lauren Sedillo

I am a very easy-going person. I love to talk- I can talk for hours and I am pretty funny. I like watching movies and hanging out with friends. The best part of MACCS is learning about film.

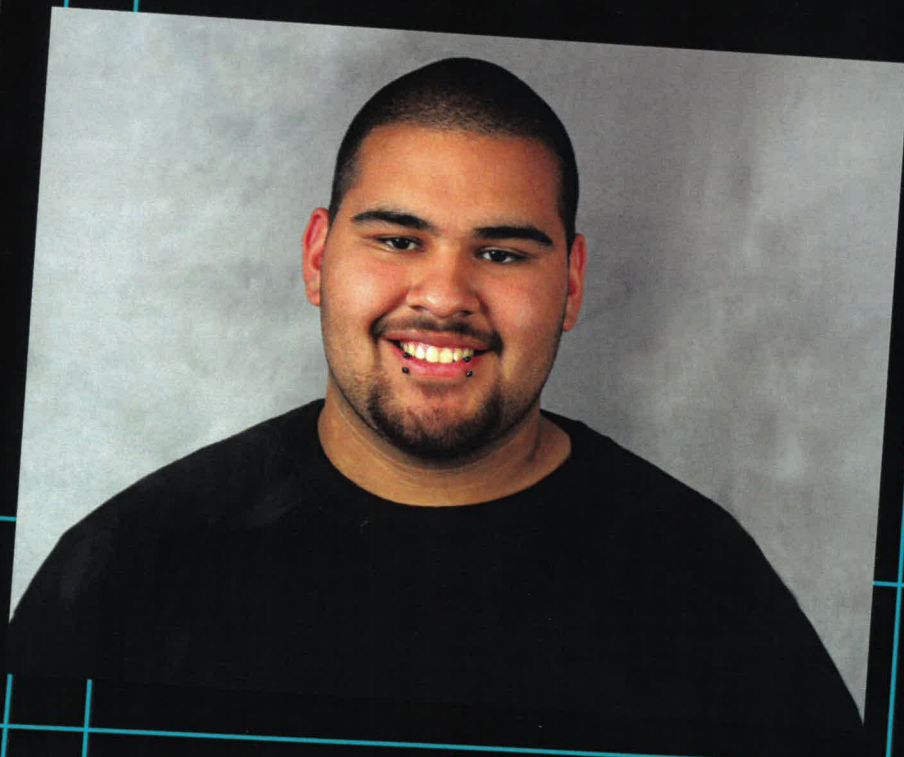

Maxwell Stiles

I am tall, smart, and funny. I am very different. After Effects, filming and bowling are my interests. My favorite memory of this year is Teo in fancy clothes.

Robert Serrano

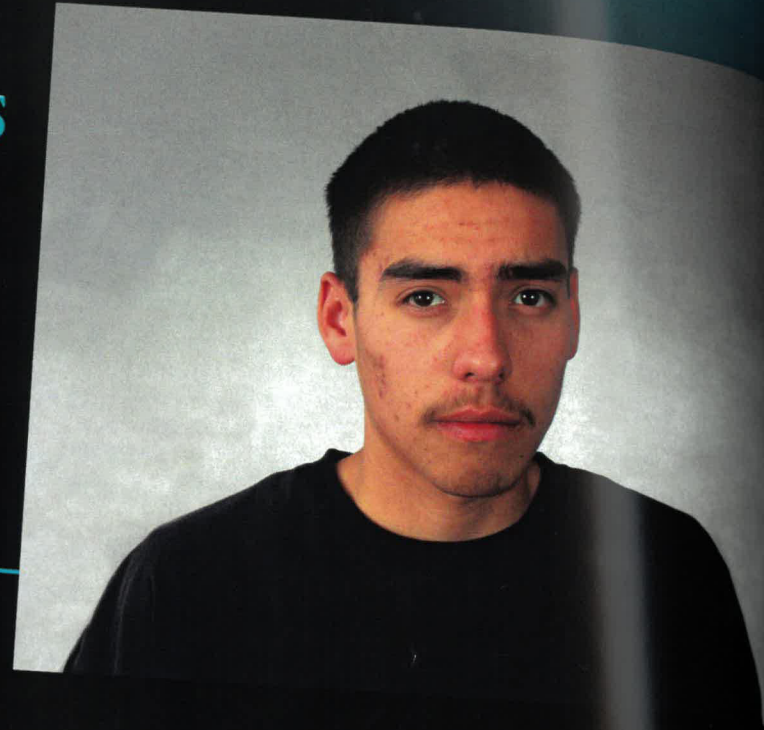

Alexa Thomas

The best way I can describe myself is loud, hyper, and I have pretty eyes. I am a very loyal, kind, and loving friend.

Alex Torres

Jessie Weahkee

I love film, especially documentary. I'm appreciative of the fact that I'm in a school that allows me to do what I love.

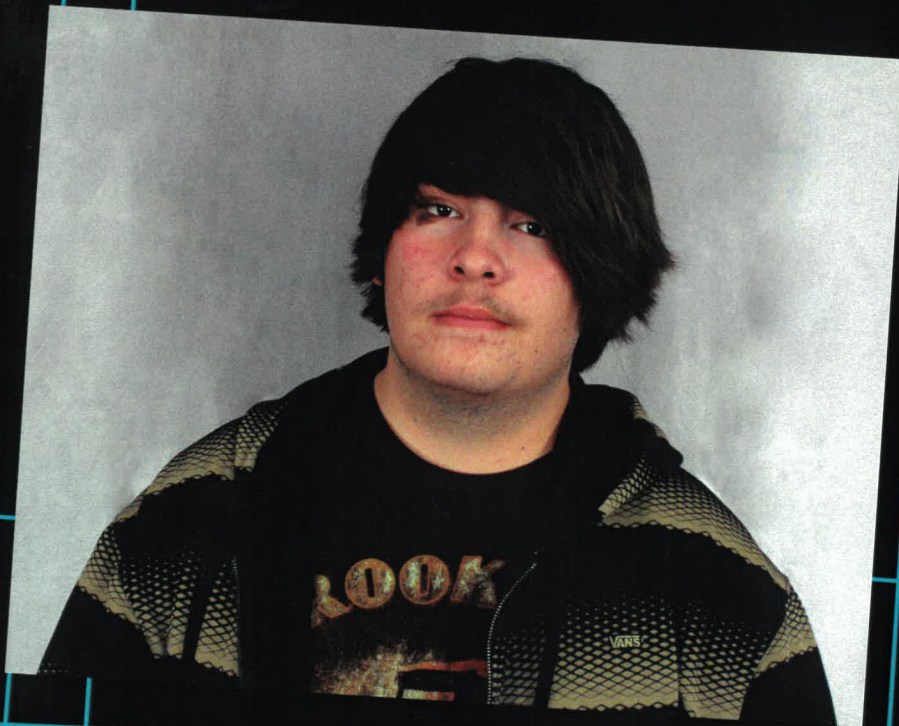

Joseph Trujillo

I like bowling and longboarding. I like hanging out with everyone at lunch.

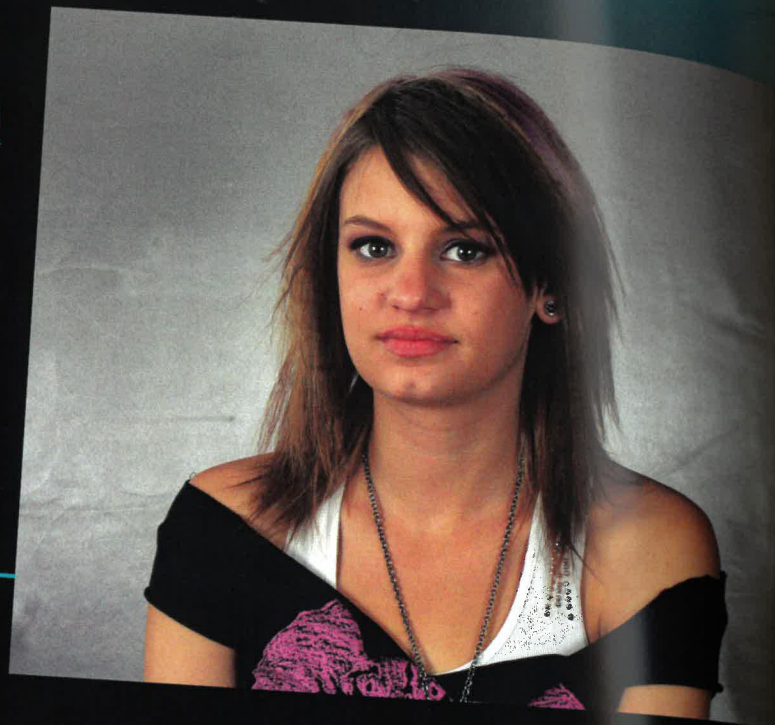

Alex Wilson

I am really interested in recording, music production, editing and all the other audio related stuff. I am a musician, an athlete, a long boarder and an artist. I believe the point of life is to have fun.

Bethany Zahn

I like drawing. My favorite memory of this year was Ms. Oya talking about smelly kids at school.

I am a free spirit and love all kinds of music. I'm a somewhat clever kid who doesn't like you (winky face:)). In the next 15 years I see myself moving to Ireland.

Reina Carver

Hi, I'm Reina! I will look back at this yearbook and think how awesome this school was. In the future I will be telling myself "Don't worry, be happy."

My dearest Teddie Sue,

Wow, where do I start? Ever since I first laid eyes on you, I knew that once again I was hopelessly in love. I've always had big dreams for you and you haven't disappointed me. Now look at you, all grown up. As I've always told you, you've made us very proud. There will be a large hole in our lives when you leave for college this fall. I hope and pray you will continue to strive for the best. We've tried our best to give you a firm foundation and instill godly values in you, but now it's up to you. If I had my way you would've stayed a little girl forever. Gotta go now Little Bug, these allergies are making me tear up and I can't see to type.

I love you,
Daddy

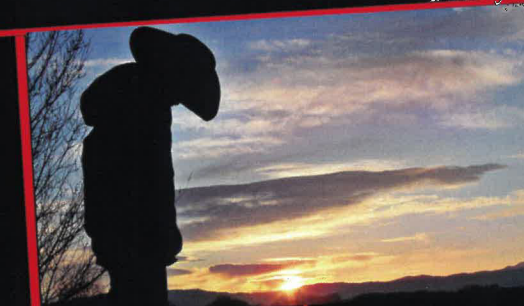

Teddie Chambers

I am a motivated procrastinator and full of contradictions. I am the biggest nerd I know and also my own worst critic. I have seven nieces and nephews ranging in age from 1-15 who I love very dearly. I'm paranoid and sometimes a spaz. In the eighteen years I've been alive I'm still not sure I understand the concept of organization. Oh, one more thing... I love black people.

To our Little Bug, Creamy, and Special Ted,

You have been a wonderful blessing since the day you were born. You've been smart and focused your entire life. You talked early, walked early, and learned to read early. When you were just 3 years old you asked me to teach you to read and were reading books when you were 4. When a camera came out you were always ready to pose, nothing has changed there. I love you and I'm so proud of you and your accomplishments.

In the next 15 years I plan to get paid for what I would currently pay to do.

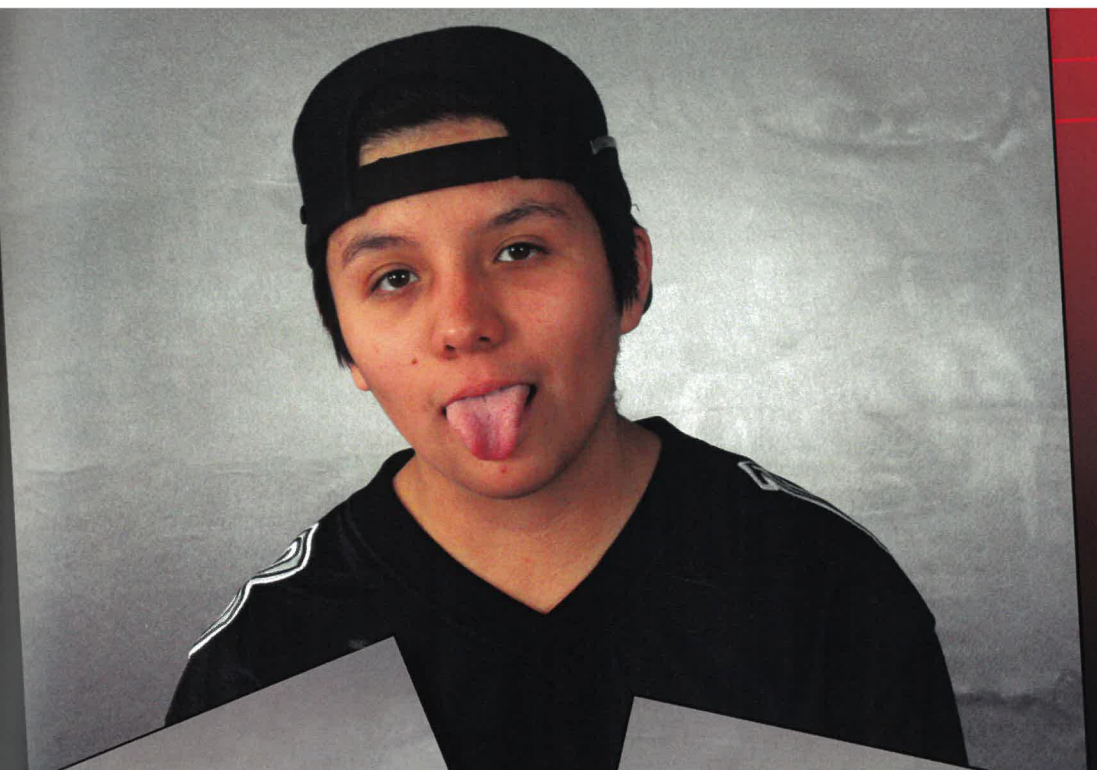

Allen Clark

"I make my own quotes" - Allen Clark
How can one describe a person with such a unique and complicated perspective on life and the human race as a whole? Only when you truly open your eyes for the first time and see the universe for what it really is can you put a series of words together to describe a person.

Falcon Cole

The funniest moment at MACCS was when Preston Marshall ran into a dumpster and broke his teeth.

Lizette Escareno

Leon Frank III

Music, family, friends, heritage. These four things are who I am and define me better than words ever could. My unconditional love and passion for music grows stronger every day and through every step I take in life. It's the one thing on this earth I am extremely skilled at, it sticks with me by my side and never turns its back on me. I have no words to express my love for music... playing, writing, and performing... There's no end to this road that I'm traveling on and someday it will pay off for me. Keep an ear out for me.

Hope Garcia

I love film and trying different things with the camera. I strive to be a mainstream director. I like to live in the moment and have fun although I get stressed really easy. I love my family and friends and I wish them the best of luck with whatever they want to do.

Denise Garcia

In the future I hope to have a job that I love.
I would like to travel around and the world and
make a lot of new memories with everyone I love.

Yoselin Garcia

Well, I love everything that has to do with the medical field, computers,
and taking pictures of every moment. I love my family and friends.

Arianna Gomez

I plan to go to college and find a good job where I get well paid. I am not a very talkative, social or active person.

Carly Granger

Often torn between stubbornness and creativity. Lover of art, animals and accents. Self motivated, but trapped by laziness at times. The world is my canvas, and my dreams are the paint. Just got to keep it real..fool.

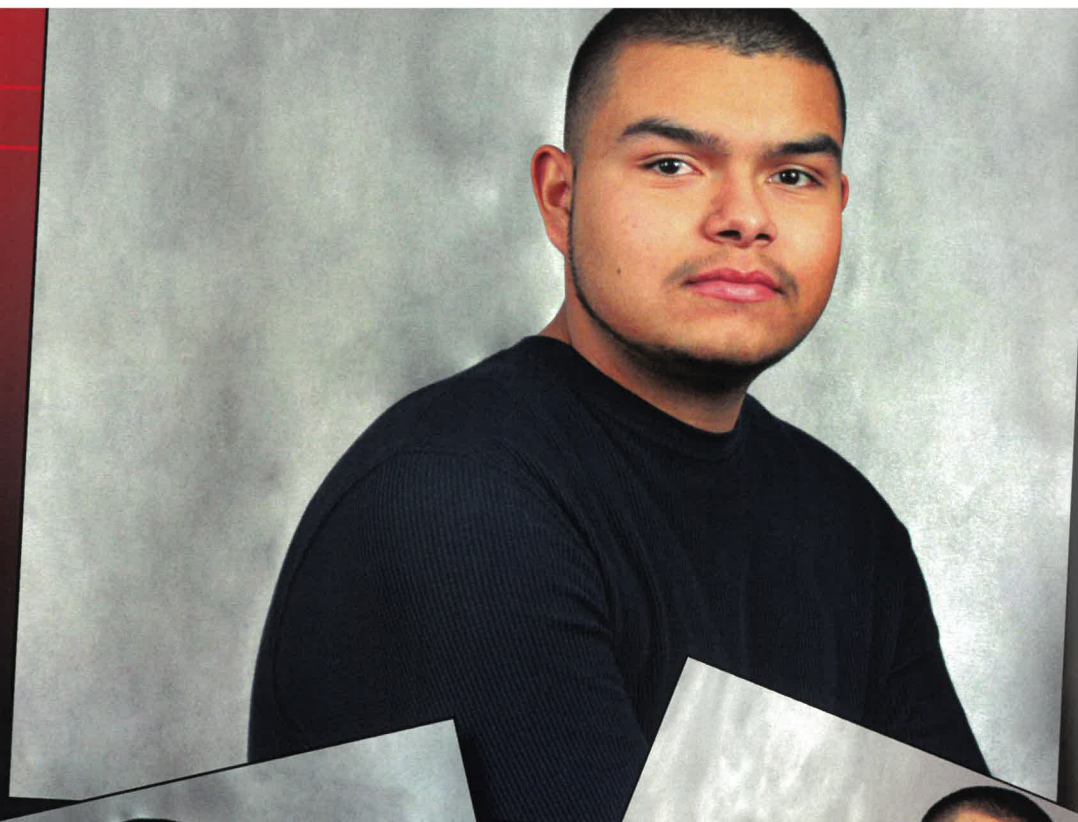

Justin Guthrie

Talk is cheap and I am too. I'm the future and have been real since day one. I'm a different breed made from vation and success. "Too weird to live too rare to die."

Vivian Gutierrez

"Life is a waste of time and time is a waste of life so waste your time and have the time of your life"

Eric Jaramillo

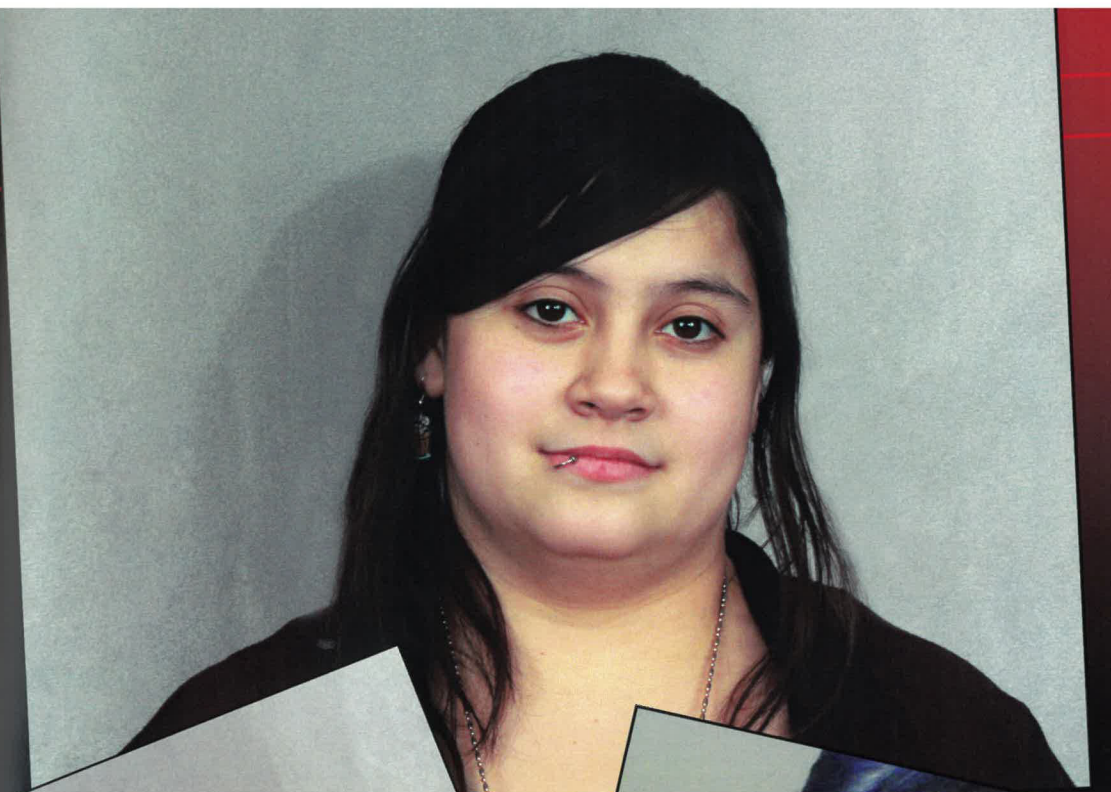

Angela Jenkins

I like to dance, read books and horse back riding. The best part of MACCS was getting to work with the equipment, our teachers and the opportunities we get.

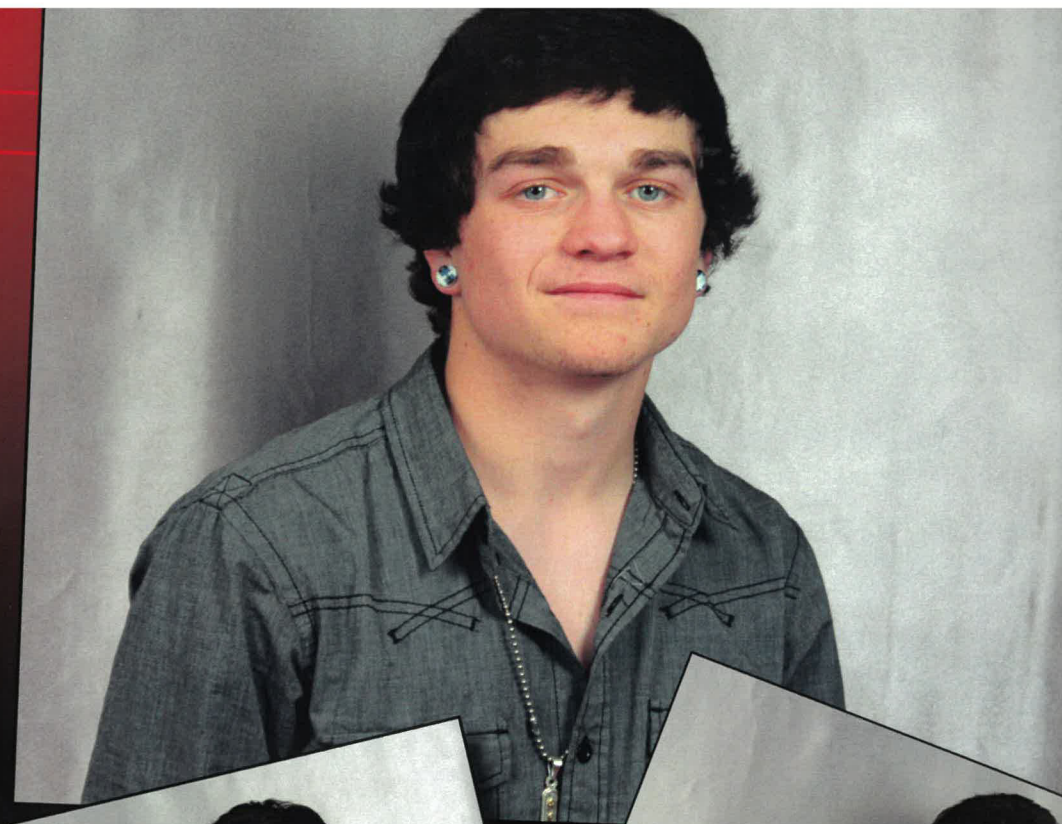

Jon Jensen

Pick it how you live it.

Kira Kelsey

To explain myself is to explain what most people don't know. I'm the girl who was devastated when I didn't get my acceptance letter into Hogwarts. The one who desperately wishes there was some form of portal to all the wondrous worlds where Pokemon or demons may exist; an escape from reality for even a hour. The lone-wolf learner in the back of the class. The wallflower at parties or dances. The shy musician and photographer at concerts, whose heart beats with the bass drum. I am me. And there is no one I'd rather be.

Zak Kien

I just live life to the fullest potential and treat every day like it's my last. Finishing the "one million bones" animation is one of my favorite memories from MACCS.

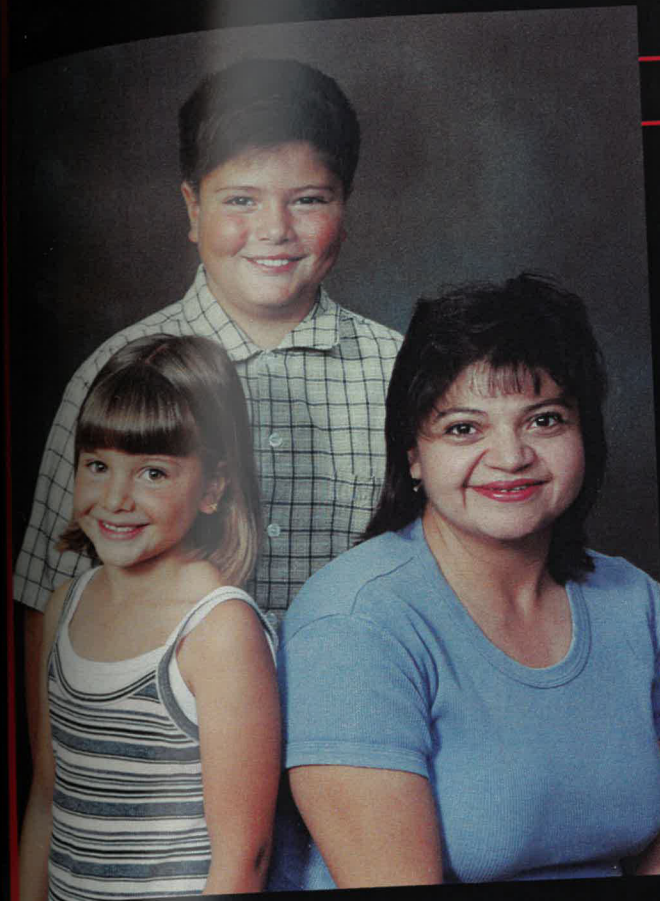

Clifford Overdorf III

I like playing the piano, singing, PS0, art and swords.

Lauren Marvín

I am a stressed control freak who has difficulty accepting criticism. I am an apathetic, procrastinating small medium at large. I am Lauren Marvín - Student body president.

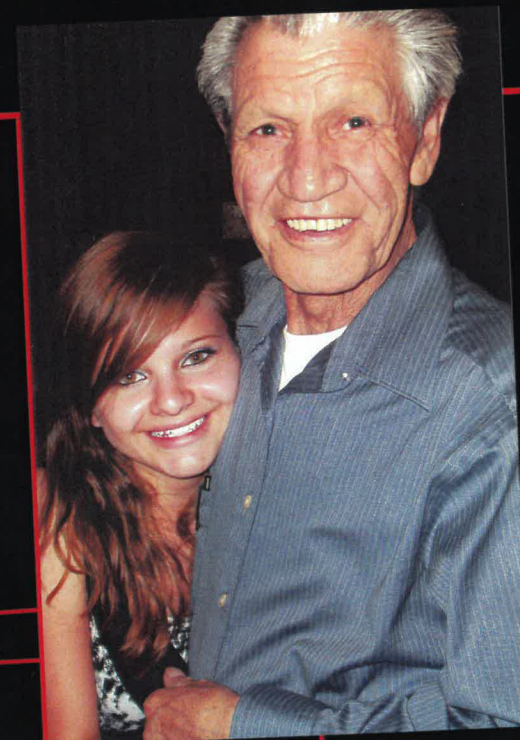

Lauren,

God answered my deepest prayer when He gave me the gift of my children. Our family unit has changed but our Oreo bond will never be broken.

As you were growing up Grandma and Grandpa were always there for us. Grandpa's greatest traits of love & laughter are strong in you. These traits, your adventurous spirit and following Psalm 37:4 will help you achieve your dreams.

I may want you to stay my little girl forever, but I am very proud of the kind, courageous Godly woman you have become.

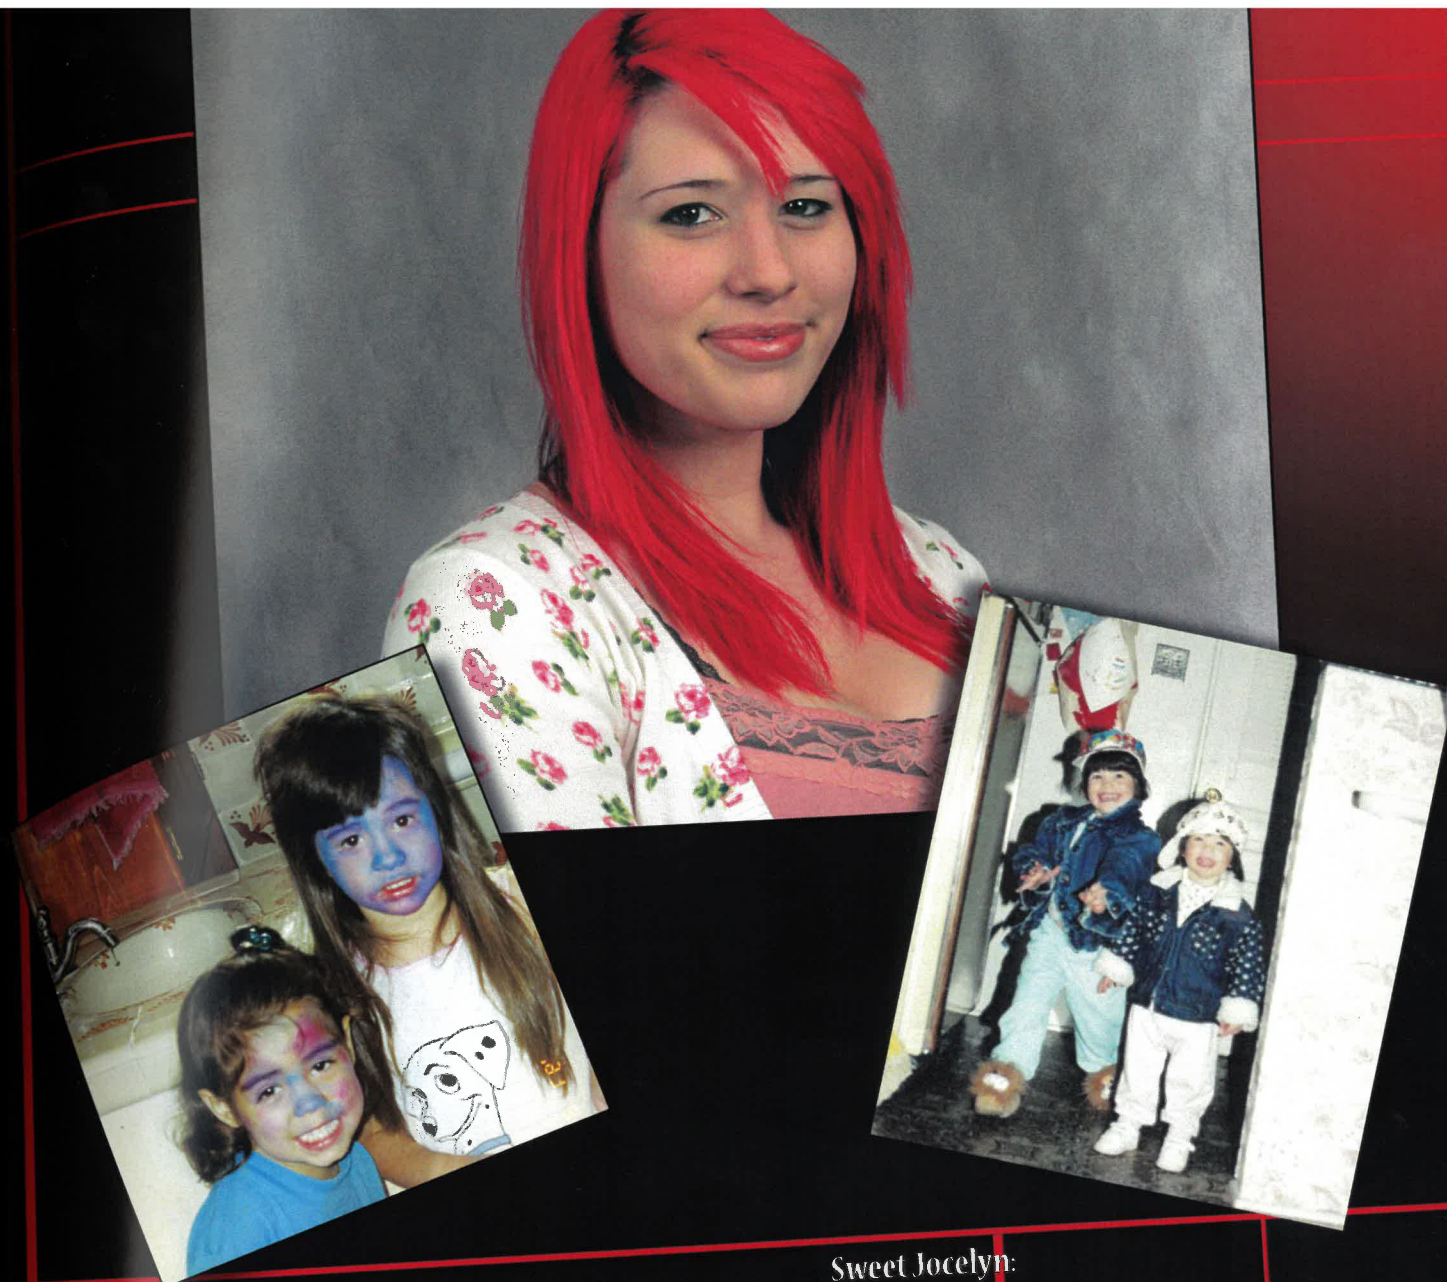

I love you,
Mom

Sweet Jocelyn:

Our little girl has blossomed into an amazing and extraordinary young woman. There's nothing that can keep you from chasing and catching your dreams!

Your creativity and imagination are inspiring. Hope you keep your passion for expressing yourself through your photography and artwork.

We wish you the courage to always keep moving forward, to remain the compassionate person you are, that you do good for yourself and others, and that your life be full of amazing relationships and journeys.

We're so proud and love you so much,
Mom, Dad, Danielle

By name and soul I intend to be a "protector of mankind." My eyes hide lies as witnesses of my past, present, then future. I see people for who they are, beyond any masks; as one once deceived. Creation overpowers all that I am. I draw to illustrate and express what my words can not. I write to realize my innermost thoughts. Religion does not blind me; the pages of my book contain originality. I will always be in love but cannot say with whom. What is most important to me is irreplaceable if lost: my dreams and memories.

Faith Varela

I'm an aspiring animator that loves to laugh way more than the average human. I love to read in my free time, and I write and draw to fuel my animating needs. My best friend is Hope Garcia and I spend every chance I get with her, she's a great support and knows me better than anyone else. It's thanks to her I am who I am.
Thanks, Hope.

From the SGA President...

Dear Student Body,

For two years I have served you, the student body of MACCS, as President of the Student Government Association. Throughout my time as President, I have learned three things: to be a good leader requires discipline; stressing out will not solve anything; and sometimes being a control freak is a good thing. Although these hard learned lessons will not be relevant to everyone, I do wish for the younger students at MACCS to explore new opportunities, to create, and to succeed.

To be part of the first graduating class at MACCS is as nerve racking as it is exciting. The expectations teachers set seem ridiculous, but achievable. So I thank you teachers, staff and administration of MACCS for the support and guidance you have given both me and my classmates throughout our years here at MACCS. As I leave MACCS, I have only fond memories of my time here. Goodbye, and good luck to all who come after.

Thank you,

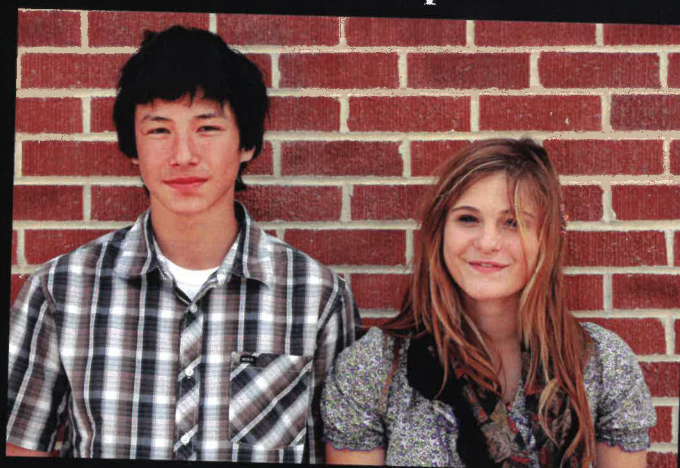

Lauren Marvin
Student Government Association President
